

100 Advanced C1-C2 English Activities: The Azar-Hagen Master Framework

Module 1: Contrastive Tense Dynamics & Aspect Shifts

Activity 1

- **Title:** The Volatility of Market Trends: A Retrospective Analysis
- **Skill:** Integrated (Writing/Reading)
- **Subskill:** Contrastive use of Simple Past vs. Past Progressive for narrative framing (Chapters 8, 9).
- **CEFR Level:** C1
- **Objective:** To utilize past aspect shifts to distinguish between background market conditions and specific disruptive events.
- **Instructions:** Draft a 200-word retrospective report on a historical economic downturn. Use the Past Progressive to describe the ongoing environment and the Simple Past for the specific catalysts.
- **Task Prompt:** Analyze the 2008 financial crisis. Contrast the "prevailing lending conditions" with the "sudden liquidity collapse."
- **Expected Answer/Output:** "While global markets **were expanding** at an unsustainable rate, the sudden collapse of Lehman Brothers **triggered** a systemic freeze."
- **Difficulty:** Advanced
- **Activity Type:** Case Study

- **Title:** Expressing Corporate Friction: The Annoying Habit Aspect
- **Skill:** Speaking/Writing
- **Subskill:** Present Progressive with "always" for habitual annoyance (Ch. 3-2 expansion).
- **CEFR Level:** C1
- **Objective:** To articulate workplace grievances with grammatical nuance and professional distancing.
- **Instructions:** Describe a recurring problematic behavior of a competitor using the progressive aspect to convey professional irritation.
- **Task Prompt:** Describe a rival firm's tendency to ignore patent laws.
- **Expected Answer/Output:** "The rival firm **is always encroaching** on intellectual property rights without regard for international compliance."
- **Difficulty:** Advanced

- **Activity Type:** Register Shift

Activity 3

- **Title:** Narrative Tension: The "Future in the Past" Strategy
- **Skill:** Writing
- **Subskill:** Using "was going to" for unrealized intentions in high-stakes reporting (Ch. 10).
- **CEFR Level:** C2

- **Objective:** To construct a complex narrative timeline where planned outcomes were subverted.
- **Instructions:** Write a summary of a failed diplomatic mission. Use "was going to" to frame the intended outcome versus the subverting reality.
- **Task Prompt:** Scenario: A peace treaty that was never signed due to a last-minute coup.
- **Expected Answer/Output:** "The delegation **was going to sign** the accord, but the sudden insurgence rendered the document obsolete."
- **Difficulty:** Mastery
- **Activity Type:** Strategic Negotiation **Activity 4**
- **Title:** Habitual Professionalism: Static vs. Dynamic Present
- **Skill:** Integrated
- **Subskill:** Simple Present for universal truths vs. Present Progressive for temporary projects (Ch. 4-5).
- **CEFR Level:** C1
- **Objective:** To distinguish between core company values and current temporary initiatives.
- **Instructions:** Write a corporate bio. Use Simple Present for the mission statement and Present Progressive for a current six-month audit.
- **Task Prompt:** Write for a tech firm specializing in AI but currently auditing its ethical standards.
- **Expected Answer/Output:** "Our firm **innovates** solutions; currently, we **are auditing** our internal protocols."
- **Difficulty:** Advanced
- **Activity Type:** Professional Branding **Activity 5**
- **Title:** The Historical "When" and "While": Synchronicity in Geopolitics
- **Skill:** Writing
- **Subskill:** Complex time clauses with "when" and "while" (Ch. 9-11).
- **CEFR Level:** C2
- **Objective:** To synchronize multiple historical threads in a formal essay.
- **Instructions:** Describe two simultaneous events in the 20th century using "while" for duration and "when" for point-in-time impact.
- **Task Prompt:** Topic: The Space Race during the Cold War.
- **Expected Answer/Output:** " **While** the US **was developing** the Apollo program, a pivotal shift occurred **when** the USSR launched Sputnik."
- **Difficulty:** Mastery
- **Activity Type:** Historical Analysis **Activity 6**
- **Title:** Predictative Certainty: "Will" vs. "Be Going To" in Forecasting
- **Skill:** Integrated
- **Subskill:** Nuanced distinction between evidence-based prediction and volitional promise (Ch. 10-1, 10-6).
- **CEFR Level:** C1
- **Objective:** To issue a formal economic forecast using evidence-based grammatical structures.

- **Instructions:** Draft a forecast based on current data. Use "be going to" for conclusions based on present evidence.
- **Task Prompt:** Data shows inflation is rising. Forecast the central bank's next move.
- **Expected Answer/Output:** "Given the current CPI data, the Fed **is going to raise** interest rates in the next quarter."
- **Difficulty:** Advanced
- **Activity Type:** Statistical Evaluation**Activity 7**
- **Title:** The Habitual Past: Professional Evolution
- **Skill:** Speaking
- **Subskill:** Contrastive use of Simple Past for finished states vs. habitual past (Ch. 8-5).
- **CEFR Level:** C1
- **Objective:** To describe the evolution of industry standards.
- **Instructions:** Compare how business was conducted twenty years ago with today, using specific past time markers.
- **Task Prompt:** Compare correspondence before and after the ubiquity of email.
- **Expected Answer/Output:** "In the 1980s, managers **sent** physical memos, whereas they now rely on instant communication."
- **Difficulty:** Advanced
- **Activity Type:** Register Shift**Activity 8**
- **Title:** Sequence of Disruptions: Past Perfective Logic
- **Skill:** Writing
- **Subskill:** Ordering past events using "before" and "after" clauses (Ch. 9-7).
- **CEFR Level:** C2
- **Objective:** To clarify a complex chain of causation in a technical report.
- **Instructions:** Explain a series of events leading to a system failure. Ensure the order of events is grammatically explicit.
- **Task Prompt:** Scenario: A power plant failure triggered by a sensor malfunction.
- **Expected Answer/Output:** "The sensor **failed** shortly **after** the cooling system **had engaged** , leading to a total shutdown."
- **Difficulty:** Mastery
- **Activity Type:** Technical Reportage**Activity 9**
- **Title:** Hypothetical Project Management
- **Skill:** Writing
- **Subskill:** If-clauses with future implications (Ch. 11-4).
- **CEFR Level:** C1
- **Objective:** To outline conditional project milestones.
- **Instructions:** Create a contingency plan for a software launch using "if" and "when" clauses with present/future tense shifts.
- **Task Prompt:** Define reactions to beta test results.
- **Expected Answer/Output:** "If the beta test **fails** , we **will delay** the launch; when it **succeeds** , we **will proceed** ."
- **Difficulty:** Advanced
- **Activity Type:** Operational Directives**Activity 10**
- **Title:** The "Think About" vs. "Think That" Intellectual Distinction

- **Skill:** Speaking
- **Subskill:** Mental state verbs vs. Opinion markers (Ch. 4-8).
- **CEFR Level:** C2
- **Objective:** To separate the process of deliberation from the finality of an opinion.
- **Instructions:** In a board meeting simulation, express that you are currently considering an idea but hold a firm belief on its feasibility.
- **Task Prompt:** Respond to a merger proposal.
- **Expected Answer/Output:** "I **am thinking about** the merger proposal, but I **think that** the valuation is too high."
- **Difficulty:** Mastery
- **Activity Type:** Strategic Negotiation

Module 2: Question Formation, Direct Sourcing & Strategic Interviewing

Activity 11

- **Title:** The Investigative "Whose": Intellectual Property Inquiry
- **Skill:** Speaking/Writing
- **Subskill:** Strategic use of "Whose" for ownership identification (Ch. 15-4).
- **CEFR Level:** C1
- **Objective:** To conduct a high-level inquiry into asset ownership.
- **Instructions:** Formulate investigative questions regarding a disputed patent foundations.
- **Task Prompt:** Inquiry list for a legal discovery phase.
- **Expected Answer/Output:** " **Whose** signature **is** on this nondisclosure agreement?"
- **Difficulty:** Advanced
- **Activity Type:** Investigative Interview

Activity 12

- **Title:** Subject vs. Object Precision in Legal Discovery
- **Skill:** Writing
- **Subskill:** Distinguishing "Who" (subject) from "Who/Whom" (object) (Ch. 9-3).
- **CEFR Level:** C2
- **Objective:** To clarify roles in a legal incident through precise questioning.
- **Instructions:** Write deposition questions to determine who initiated an action versus who was affected.
- **Task Prompt:** Scenario: A corporate whistleblower event.
- **Expected Answer/Output:** " **Who** authorized the transfer?" vs. " **Who** did the auditors **notify** first?"
- **Difficulty:** Mastery
- **Activity Type:** Legal Cross-examination

Activity 13

- **Title:** Information Gap: The "What Time" vs. "When" Technical Distinction
- **Skill:** Writing
- **Subskill:** Precision in temporal questioning (Ch. 3-12).
- **CEFR Level:** C1
- **Objective:** To gather precise log data for a technical audit.
- **Instructions:** Draft questions for a server administrator using "What time" for timestamps and "When" for context.

- **Task Prompt:** Incident: A server breach at night.
- **Expected Answer/Output:** " **What time** did the first ping occur? **When** was the last security patch applied?"
- **Difficulty:** Advanced
- **Activity Type:** Technical Audit **Activity 14**
- **Title:** The "How Many" Existential Audit
- **Skill:** Speaking
- **Subskill:** Combining "There + Be" questions with quantifiers (Ch. 5-6).
- **CEFR Level:** C1
- **Objective:** To quantify systemic assets or liabilities.
- **Instructions:** Interview a department head about resource allocation.
- **Task Prompt:** Audit of a hospital's emergency room capacity.
- **Expected Answer/Output:** " **How many** available ventilators **are there** in the ICU currently?"
- **Difficulty:** Advanced
- **Activity Type:** Case Study **Activity 15**
- **Title:** Strategic Hedging in Yes/No Inquiries
- **Skill:** Speaking
- **Subskill:** Using "Is/Are" questions with complex adjective completions (Ch. 2-1).
- **CEFR Level:** C2
- **Objective:** To probe for vulnerability without appearing aggressive.
- **Instructions:** Formulate polite Yes/No questions regarding project tenability.
- **Task Prompt:** Questioning a startup's long-term business plan.
- **Expected Answer/Output:** " **Is** the current burn rate **sustainable** beyond the third quarter?"
- **Difficulty:** Mastery
- **Activity Type:** Strategic Negotiation **Activity 16**
- **Title:** The "Where" of Data Localization
- **Skill:** Writing
- **Subskill:** Locative questioning for digital assets (Ch. 2-3).
- **CEFR Level:** C1
- **Objective:** To determine the physical location of abstract data.
- **Instructions:** Draft a formal memo to an IT provider regarding data residency.
- **Task Prompt:** Focus on European client data localization.
- **Expected Answer/Output:** " **Where are** the primary data centers **located** for our European clients?"
- **Difficulty:** Advanced
- **Activity Type:** Technical Reportage **Activity 17**
- **Title:** Subject Questions in Scholarly Inquiry
- **Skill:** Writing
- **Subskill:** Questioning the "Subject" to identify prime movers (Ch. 9-3).
- **CEFR Level:** C2
- **Objective:** To identify the primary driver of a sociological phenomenon.
- **Instructions:** Write research questions for a PhD proposal regarding urban migration.

- **Task Prompt:** Investigate influencers of decision-making.
- **Expected Answer/Output:** " **Who influences** the decision-making process of rural migrants?"
- **Difficulty:** Mastery
- **Activity Type:** Scholarly Inquiry **Activity 18**
- **Title:** The Indirect Probe: Modals in Questioning
- **Skill:** Speaking
- **Subskill:** Using "Could/Would/May" for diplomatic elicitation (Ch. 13-4, 13-5).
- **CEFR Level:** C1
- **Objective:** To extract sensitive information through polite modal framing.
- **Instructions:** Ask a foreign official for information they may be hesitant to share.
- **Task Prompt:** Eliciting information about a secret trade agreement.
- **Expected Answer/Output:** " **Would** you be able to provide the annexes to the treaty for our review?"
- **Difficulty:** Advanced
- **Activity Type:** Strategic Negotiation **Activity 19**
- **Title:** Negative Questioning for Rhetorical Effect
- **Skill:** Speaking
- **Subskill:** Using negative "Be" questions to confirm assumptions (Ch. 1-5 logic).
- **CEFR Level:** C2
- **Objective:** To challenge a witness or opponent's logic.
- **Instructions:** Formulate questions beginning with "Isn't it true..." for a courtroom setting.
- **Task Prompt:** Confirm a defendant's absence from a board meeting.
- **Expected Answer/Output:** " **Isn't it true** that the defendant **was not** present during the board meeting?"
- **Difficulty:** Mastery
- **Activity Type:** Legal Cross-examination **Activity 20**
- **Title:** The "What + Do" Functional Inquiry
- **Skill:** Writing
- **Subskill:** Using "What + form of do" to clarify procedural roles (Ch. 11-6).
- **CEFR Level:** C1
- **Objective:** To define job descriptions in an organizational chart.
- **Instructions:** Draft questions for a HR audit regarding department production.
- **Task Prompt:** Question the Ethics Committee's function.
- **Expected Answer/Output:** " **What does** the Ethics Committee **actually do** during a compliance breach?"
- **Difficulty:** Advanced
- **Activity Type:** Operational Directives

Module 3: Noun Phrase Architecture, Quantifiers & Agreement Precision

Activity 21

- **Title:** Abstract Noncount Precision in Policy Drafting
- **Skill:** Writing

- **Subskill:** Using noncount nouns without articles (Ch. 7-7).
- **CEFR Level:** C1
- **Objective:** To draft high-level generalizations in a policy preamble.
- **Instructions:** Write a mission statement using abstract nouns like *health, justice, and sustainability*.
- **Task Prompt:** Non-profit organizational mission.
- **Expected Answer/Output:** " **Research** into environmental **sustainability** requires substantial **funding** ."
- **Difficulty:** Advanced
- **Activity Type:** Professional Branding**Activity 22**
- **Title:** Collective Noun Agreement in Corporate Bylaws
- **Skill:** Writing
- **Subskill:** Subject-verb agreement with collective nouns (Ch. 14-4).
- **CEFR Level:** C2
- **Objective:** To ensure legal precision in corporate governing documents.
- **Instructions:** Draft bylaws where the collective unit acts as a singular entity.
- **Task Prompt:** Define the voting rights of the "Board of Directors."
- **Expected Answer/Output:** "The Board **unanimously approves** all capital expenditures exceeding one million dollars."
- **Difficulty:** Mastery
- **Activity Type:** Legal Disclaimer**Activity 23**
- **Title:** Technical Specification: Count vs. Noncount
- **Skill:** Writing
- **Subskill:** Mastery of "Many/Few" vs. "Much/Little" (Ch. 7-5).
- **CEFR Level:** C1
- **Objective:** To provide an accurate inventory of hardware vs. software.
- **Instructions:** Write a technical comparison using *equipment* (noncount) and *machines* (count).
- **Task Prompt:** Server lab inventory analysis.
- **Expected Answer/Output:** "There **is little equipment** left in the lab, but there **are many machines** in the data center."
- **Difficulty:** Advanced
- **Activity Type:** Technical Reportage**Activity 24**
- **Title:** The "One Of" Superlative Precision
- **Skill:** Speaking
- **Subskill:** Using "One of + Superlative + Plural Noun" with singular verbs (Ch. 16-5, 14-5).
- **CEFR Level:** C1
- **Objective:** To identify top-tier competitors while maintaining agreement accuracy.
- **Instructions:** Present a market analysis identifying a leading firm.
- **Task Prompt:** Pitching an investment in Zurich.
- **Expected Answer/Output:** "One of the **most innovative companies** in the sector **is** based in Zurich."
- **Difficulty:** Advanced

- **Activity Type:** Competitive Analysis**Activity 25**
- **Title:** Quantifying Risk: "A Few" vs. "Few" Nuance
- **Skill:** Writing
- **Subskill:** Using positive vs. negative quantifier connotations (Ch. 7-5).
- **CEFR Level:** C2
- **Objective:** To subtly influence a risk assessment through grammatical choice.
- **Instructions:** Write two versions of a security briefing highlighting options or the lack thereof.
- **Task Prompt:** Security briefing on resource limitations.
- **Expected Answer/Output:** "We have **a few** options" (optimistic) vs. "We have **few** options" (dire).
- **Difficulty:** Mastery
- **Activity Type:** Register Shift**Activity 26**
- **Title:** Noun Phrase Density in Academic Abstracts
- **Skill:** Writing
- **Subskill:** Modifying nouns with other nouns/adjectives in order (Ch. 14-1, 14-2).
- **CEFR Level:** C1
- **Objective:** To pack maximum information into a concise summary.
- **Instructions:** Rewrite a simple sentence into a dense academic noun phrase.
- **Task Prompt:** "The company made a plan for a new green energy building."
- **Expected Answer/Output:** "The **firm's comprehensive sustainable urban development strategy** was finalized."
- **Difficulty:** Advanced
- **Activity Type:** Scholarly Inquiry**Activity 27**
- **Title:** Agreement Precision with Indefinite Pronouns
- **Skill:** Writing
- **Subskill:** Using "Someone, Nothing, Anyone" in formal negative contexts (Ch. 14-6, 14-7).
- **CEFR Level:** C1
- **Objective:** To draft exhaustive legal or safety protocols.
- **Instructions:** Write a safety protocol where *anyone* and *nothing* cover all possibilities.
- **Task Prompt:** Restricted zone protocol.
- **Expected Answer/Output:** "If **anyone** enters the restricted zone, **nothing** should be moved."
- **Difficulty:** Advanced
- **Activity Type:** Operational Directives**Activity 28**
- **Title:** Possessive Nouns in Intellectual Property Law
- **Skill:** Writing
- **Subskill:** Complex possessive forms (Joint vs. Individual ownership) (Ch. 15-1).
- **CEFR Level:** C2
- **Objective:** To define ownership in a multi-partner contract.
- **Instructions:** Draft a clause identifying the separate assets of two partners.
- **Task Prompt:** Assets of Smith and Wesson.

- **Expected Answer/Output:** "Smith's and Wesson's **respective patent applications** must remain separate."
- **Difficulty:** Mastery
- **Activity Type:** Legal Disclaimer**Activity 29**
- **Title:** Measurement Nouns in Financial Audits
- **Skill:** Writing
- **Subskill:** Using "Some" vs. "Any" in formal inquiries (Ch. 7-8).
- **CEFR Level:** C1
- **Objective:** To query the existence of specific financial discrepancies.
- **Instructions:** Draft five audit questions using "any" to probe for irregularities.
- **Task Prompt:** Third-quarter ledger audit.
- **Expected Answer/Output:** " **Are there any** discrepancies in the third-quarter ledger?"
- **Difficulty:** Advanced
- **Activity Type:** Technical Audit**Activity 30**
- **Title:** Generic Noun Phrases in Sociological Theories
- **Skill:** Speaking
- **Subskill:** Using singular generic nouns for generalizations (Ch. 6-4).
- **CEFR Level:** C2
- **Objective:** To articulate broad observations with formal elegance.
- **Instructions:** Discuss technology's impact on "the modern worker."
- **Task Prompt:** Philosophical presentation on labor.
- **Expected Answer/Output:** "The **modern worker is** increasingly tethered to digital platforms."
- **Difficulty:** Mastery
- **Activity Type:** Scholarly Inquiry

Module 4: Pronoun Reference, Deixis & Cohesive Pointers

Activity 31

- **Title:** Anaphoric Cohesion in Executive Summaries
- **Skill:** Writing
- **Subskill:** Using "this" to summarize previous clauses (Ch. 2-6 evolution).
- **CEFR Level:** C1
- **Objective:** To synthesize complex arguments into single cohesive pointers.
- **Instructions:** Write a summary sentence for a market report that uses "this" to refer to a whole situation.
- **Task Prompt:** Summary of declining interest rates.
- **Expected Answer/Output:** "Interest rates have fallen for three consecutive months. **This** suggests a cooling economy."
- **Difficulty:** Advanced
- **Activity Type:** Register Shift**Activity 32**
- **Title:** Cataphoric Reference in Academic Intros
- **Skill:** Writing
- **Subskill:** Forward-referencing with "it" as a dummy subject (Ch. 5-1).
- **CEFR Level:** C2

- **Objective:** To frame research findings with formal introductory structures.
- **Instructions:** Introduce a research finding using "It is + Adjective + That clause."
- **Task Prompt:** Finding: Urbanization leads to higher heat indexes.
- **Expected Answer/Output:** " **It is evident** that rapid urbanization contributes to the heat island effect."
- **Difficulty:** Mastery
- **Activity Type:** Scholarly Inquiry **Activity 33**
- **Title:** Distancing with "Those": Categorical Exclusions
- **Skill:** Speaking
- **Subskill:** Using "those who" for professional categorization (Ch. 2-7).
- **CEFR Level:** C1
- **Objective:** To define target demographics or professional groups.
- **Instructions:** Define who is eligible for a senior management program.
- **Task Prompt:** Eligibility for executive leadership courses.
- **Expected Answer/Output:** " **Those who** hold at least ten years of experience may apply."
- **Difficulty:** Advanced
- **Activity Type:** Operational Directives **Activity 34**
- **Title:** Possessive Pronoun Precision in Joint Ventures
- **Skill:** Writing
- **Subskill:** Distinguishing "their" vs. "theirs" in asset allocation (Ch. 15-3).
- **CEFR Level:** C1
- **Objective:** To clarify ownership in partnership agreements.
- **Instructions:** Draft a clause regarding data ownership.
- **Task Prompt:** Partner A owns the hardware; Partner B owns the data.
- **Expected Answer/Output:** "While the hardware remains ours, the raw data is **theirs** ."
- **Difficulty:** Advanced
- **Activity Type:** Legal Disclaimer **Activity 35**
- **Title:** The "One" vs. "You" Formal Impersonality
- **Skill:** Speaking
- **Subskill:** Using generic "one" for high-level advice (Ch. 6-4).
- **CEFR Level:** C2
- **Objective:** To provide guidance without sounding overly familiar.
- **Instructions:** Give advice on ethical investment using the pronoun "one."
- **Task Prompt:** Ethical banking guidelines.
- **Expected Answer/Output:** " **One must** consider the long-term environmental impact of the portfolio."
- **Difficulty:** Mastery
- **Activity Type:** Register Shift **Activity 36**
- **Title:** Clarifying Subject/Object Reference in Evidence
- **Skill:** Writing
- **Subskill:** Using object pronouns to prevent ambiguity in crime reports (Ch. 6-3).
- **CEFR Level:** C1
- **Objective:** To ensure forensic reports identify victims vs. perpetrators correctly.

- **Instructions:** Rewrite a sentence to clarify who did what to whom.
- **Task Prompt:** "The witness saw the suspect. The suspect saw the witness."
- **Expected Answer/Output:** "Upon the witness spotting the suspect, **he** immediately alerted **him** ." (Clarified by context).
- **Difficulty:** Advanced
- **Activity Type:** Technical Reportage**Activity 37**
- **Title:** Pronominal Substitution for Lexical Variety
- **Skill:** Writing
- **Subskill:** Using "one/ones" to avoid noun repetition (Ch. 6-4).
- **CEFR Level:** C1
- **Objective:** To maintain stylistic elegance in product descriptions.
- **Instructions:** Compare two software packages without repeating the word "package."
- **Task Prompt:** High-end vs. Low-end CRM.
- **Expected Answer/Output:** "The premium **one** offers cloud support, unlike the basic version."
- **Difficulty:** Advanced
- **Activity Type:** Competitive Analysis**Activity 38**
- **Title:** Deictic Pointers in Technical Presentations
- **Skill:** Speaking
- **Subskill:** Distinguishing "this" vs. "that" in data visualization (Ch. 2-6).
- **CEFR Level:** C1
- **Objective:** To guide an audience through a complex chart.
- **Instructions:** Refer to a specific point on a graph versus a previous slide's graph.
- **Task Prompt:** Presenting live data vs. historical data.
- **Expected Answer/Output:** " **This** spike represents current sales, whereas **that** one reflected 2019."
- **Difficulty:** Advanced
- **Activity Type:** Case Study**Activity 39**
- **Title:** Reflective Pronoun Focus in Leadership Reports
- **Skill:** Writing
- **Subskill:** Using "themselves" for emphasis in organizational behavior (Ch. 6-3).
- **CEFR Level:** C2
- **Objective:** To highlight executive agency in a corporate report.
- **Instructions:** Explain that the directors made a decision without external help.
- **Task Prompt:** Corporate restructuring decision.
- **Expected Answer/Output:** "The board members **themselves** drafted the new ethical charter."
- **Difficulty:** Mastery
- **Activity Type:** Register Shift**Activity 40**
- **Title:** Referencing Abstract Precedents in Legal Theory
- **Skill:** Writing
- **Subskill:** Using "it" to refer to an abstract precedent (Ch. 1-3).
- **CEFR Level:** C2
- **Objective:** To cite legal concepts concisely.

- **Instructions:** Refer to the concept of 'Due Process' in a closing argument.
- **Task Prompt:** Legal argument on procedural fairness.
- **Expected Answer/Output:** "Due process is non-negotiable; **it** is the bedrock of our system."
- **Difficulty:** Mastery
- **Activity Type:** Legal Cross-examination

Module 5: Prepositional Precision & Spatial/Temporal Locatives

Activity 41

- **Title:** Metaphorical Prepositions in Market Positioning
- **Skill:** Writing
- **Subskill:** Using locatives (*under, above, within*) for abstract status (Ch. 5-7, 5-8).
- **CEFR Level:** C1
- **Objective:** To describe a company's market standing using spatial metaphors.
- **Instructions:** Describe a firm that is controlled by a larger entity.
- **Task Prompt:** Corporate hierarchy analysis.
- **Expected Answer/Output:** "The subsidiary operates **under** the umbrella of the parent corporation."
- **Difficulty:** Advanced
- **Activity Type:** Case Study

Activity 42

- **Title:** Temporal Precision in Project Pipelines
- **Skill:** Writing
- **Subskill:** Distinguishing "in" (future) vs. "for" (duration) (Ch. 5-2).
- **CEFR Level:** C1
- **Objective:** To draft accurate project timelines.
- **Instructions:** Write a sentence about a project starting soon and lasting long.
- **Task Prompt:** Scheduling a new IT rollout.
- **Expected Answer/Output:** "The rollout begins **in** two weeks and will continue **for** six months."
- **Difficulty:** Advanced
- **Activity Type:** Operational Directives

Activity 43

- **Title:** Prepositions of Place in Global Logistics
- **Skill:** Speaking
- **Subskill:** Mastery of "at, in, on" for geographical vs. facility scales (Ch. 12-9).
- **CEFR Level:** C1
- **Objective:** To communicate the exact location of high-value shipments.
- **Instructions:** Identify a shipment's location in a port, a city, and on a vessel.
- **Task Prompt:** Logistics tracking report.
- **Expected Answer/Output:** "The cargo is **in** Singapore, **at** the North Terminal, **on** the Maersk vessel."
- **Difficulty:** Advanced
- **Activity Type:** Technical Reportage

Activity 44

- **Title:** Abstract Boundaries: Prepositions in Policy
- **Skill:** Writing

- **Subskill:** Using "between/among" for multi-lateral agreements (Ch. 5-8).
- **CEFR Level:** C2
- **Objective:** To define the scope of collaboration in diplomatic texts.
- **Instructions:** Distinguish a bilateral treaty from a multi-nation agreement.
- **Task Prompt:** Treaty drafting for trade.
- **Expected Answer/Output:** "The treaty was signed **between** the two nations **among** a group of observers."
- **Difficulty:** Mastery
- **Activity Type:** Strategic Negotiation**Activity 45**
- **Title:** Proximity as Strategy: Prepositions in Retail Analysis
- **Skill:** Speaking
- **Subskill:** Using "next to, near, far from" for competitive placement (Ch. 5-8).
- **CEFR Level:** C1
- **Objective:** To analyze the strategic value of physical locations.
- **Instructions:** Explain why a luxury store is placed near a high-end hotel.
- **Task Prompt:** Urban retail strategy presentation.
- **Expected Answer/Output:** "Placement **near** the Ritz-Carlton ensures high foot traffic from affluent clients."
- **Difficulty:** Advanced
- **Activity Type:** Competitive Analysis**Activity 46**
- **Title:** Data "Within" Range: Statistical Prepositions
- **Skill:** Writing
- **Subskill:** Using "within, below, above" for benchmark analysis (Ch. 5-7).
- **CEFR Level:** C1
- **Objective:** To report on data relative to established thresholds.
- **Instructions:** Write a performance report for a quarterly sales target.
- **Task Prompt:** Sales performance vs. targets.
- **Expected Answer/Output:** "Growth remained **within** the target range, though slightly **below** last year."
- **Difficulty:** Advanced
- **Activity Type:** Statistical Evaluation**Activity 47**
- **Title:** The "At" of Specific Price Points
- **Skill:** Speaking
- **Subskill:** Prepositions of price and value (Ch. 12-9 evolution).
- **CEFR Level:** C1
- **Objective:** To negotiate specific financial entries.
- **Instructions:** Propose a buy-in price using "at."
- **Task Prompt:** Stock market negotiation.
- **Expected Answer/Output:** "We are prepared to acquire the shares **at** a price of fifty dollars."
- **Difficulty:** Advanced
- **Activity Type:** Strategic Negotiation**Activity 48**
- **Title:** Positional Nuance in Org Charts
- **Skill:** Writing

- **Subskill:** Using "behind, ahead, across" for abstract competitiveness (Ch. 5-8).
- **CEFR Level:** C2
- **Objective:** To describe a firm's position in an innovation race.
- **Instructions:** Use spatial prepositions to describe technological leadership.
- **Task Prompt:** Tech sector competitive landscape.
- **Expected Answer/Output:** "While we are **ahead** in AI, we lag **behind** in quantum computing."
- **Difficulty:** Mastery
- **Activity Type:** Register Shift **Activity 49**
- **Title:** Prepositional Phrases as Sentence Adverbs
- **Skill:** Writing
- **Subskill:** Using "In conclusion, At first" for structural signposting (Ch. 5-2).
- **CEFR Level:** C1
- **Objective:** To provide structural coherence in executive reports.
- **Instructions:** Start an executive summary with a temporal signpost.
- **Task Prompt:** Reporting on a year-long project's end.
- **Expected Answer/Output:** " **In conclusion** , the fiscal year proved more profitable than anticipated."
- **Difficulty:** Advanced
- **Activity Type:** Professional Branding **Activity 50**
- **Title:** Movement and Result: "Into" in Corporate Shifts
- **Skill:** Speaking
- **Subskill:** Using "into" to describe transformation (Ch. 5-7).
- **CEFR Level:** C2
- **Objective:** To articulate complex organizational changes.
- **Instructions:** Describe a merger where two firms become one new entity.
- **Task Prompt:** Post-merger integration briefing.
- **Expected Answer/Output:** "The two departments will merge **into** a single centralized unit."
- **Difficulty:** Mastery
- **Activity Type:** Case Study

Module 6: Modals of Ability, Obligation, Necessity & Permission

Activity 51

- **Title:** Modals of Strategic Hedging: Policy Recommendations
- **Skill:** Writing
- **Subskill:** Using "may/might" for cautious forecasting (Ch. 11-1).
- **CEFR Level:** C1
- **Objective:** To draft policy recommendations with appropriate degrees of uncertainty.
- **Instructions:** Suggest a potential future tax change using modals of possibility.
- **Task Prompt:** Economic policy briefing.
- **Expected Answer/Output:** "An increase in interest rates **might** deter private investment."
- **Difficulty:** Advanced

- **Activity Type:** Operational Directives**Activity 52**
- **Title:** The Absolute "Must": Regulatory Compliance
- **Skill:** Writing
- **Subskill:** Using "must" vs. "have to" for legal obligation (Ch. 13-2, 13-3).
- **CEFR Level:** C1
- **Objective:** To draft strict compliance guidelines.
- **Instructions:** State a non-negotiable safety rule using "must."
- **Task Prompt:** GDPR compliance protocol.
- **Expected Answer/Output:** "All employees **must** encrypt client data before transmission."
- **Difficulty:** Advanced
- **Activity Type:** Legal Disclaimer**Activity 53**
- **Title:** Modal Ability in Competitive Bidding
- **Skill:** Speaking
- **Subskill:** Using "can/be able to" to signal technical capacity (Ch. 12-1, 12-6).
- **CEFR Level:** C1
- **Objective:** To present a firm's capabilities during a pitch.
- **Instructions:** Articulate three things your company can do for a client.
- **Task Prompt:** Software development contract bid.
- **Expected Answer/Output:** "Our team **is able to** deliver the prototype within three weeks."
- **Difficulty:** Advanced
- **Activity Type:** Professional Branding**Activity 54**
- **Title:** Diplomatic Advice: Subtle "Should" usage
- **Skill:** Speaking
- **Subskill:** Using "should" for persuasive but polite recommendation (Ch. 13-1).
- **CEFR Level:** C2
- **Objective:** To influence a partner's decision without causing offense.
- **Instructions:** In a roleplay, suggest that a partner change their strategy.
- **Task Prompt:** Collaborative project friction.
- **Expected Answer/Output:** "We **should** perhaps reconsider our approach to the Asian market."
- **Difficulty:** Mastery
- **Activity Type:** Strategic Negotiation**Activity 55**
- **Title:** Past Modals of Regret: Post-Mortem Analysis
- **Skill:** Writing
- **Subskill:** Using "should have" for analyzing past errors (Ch. 13-1 evolution).
- **CEFR Level:** C2
- **Objective:** To conduct a professional audit of a failed project.
- **Instructions:** Identify a missed opportunity using a past modal.
- **Task Prompt:** Analysis of a lost contract.
- **Expected Answer/Output:** "The marketing team **should have** conducted more thorough research."
- **Difficulty:** Mastery

- **Activity Type:** Technical Audit**Activity 56**
- **Title:** Modals of Permission in Remote Work Policies
- **Skill:** Writing
- **Subskill:** Distinguishing "may" (formal permission) from "can" (general ability) (Ch. 13-4).
- **CEFR Level:** C1
- **Objective:** To draft clear employee handbooks.
- **Instructions:** Define when employees have permission to work from home.
- **Task Prompt:** Corporate remote-work policy.
- **Expected Answer/Output:** "Employees **may** request remote work after six months of tenure."
- **Difficulty:** Advanced
- **Activity Type:** Operational Directives**Activity 57**
- **Title:** Necessity vs. Preference in Technical Requirements
- **Skill:** Speaking
- **Subskill:** Using "have to" vs. "would like" (Ch. 13-2, 5-10).
- **CEFR Level:** C1
- **Objective:** To distinguish essential needs from optional desires in a brief.
- **Instructions:** List one requirement and one preference for a new office.
- **Task Prompt:** Real estate procurement.
- **Expected Answer/Output:** "We **have to** have high-speed fiber, but we **would like** a balcony."
- **Difficulty:** Advanced
- **Activity Type:** Strategic Negotiation**Activity 58**
- **Title:** Prohibitive Modals in Ethical Charters
- **Skill:** Writing
- **Subskill:** Using "must not" vs. "don't have to" (Ch. 13-3).
- **CEFR Level:** C1
- **Objective:** To prevent unethical behavior through precise grammar.
- **Instructions:** State a prohibition regarding corporate gifts.
- **Task Prompt:** Anti-bribery policy drafting.
- **Expected Answer/Output:** "Personnel **must not** accept gifts exceeding fifty dollars in value."
- **Difficulty:** Advanced
- **Activity Type:** Legal Disclaimer**Activity 59**
- **Title:** Modals of Deduction in Forensic Audits
- **Skill:** Speaking
- **Subskill:** Using "must be" for logical certainty based on evidence (Ch. 1-1 logic).
- **CEFR Level:** C2
- **Objective:** To draw conclusions during a financial investigation.
- **Instructions:** Express certainty about a missing fund based on a ledger error.
- **Task Prompt:** Fraud detection meeting.
- **Expected Answer/Output:** "There is a 50k discrepancy; there **must be** an error in the manual entry."

- **Difficulty:** Mastery
- **Activity Type:** Technical Audit**Activity 60**
- **Title:** Hypothetical Modals in Risk Assessment
- **Skill:** Writing
- **Subskill:** Using "could" for potential threats (Ch. 12-5).
- **CEFR Level:** C2
- **Objective:** To identify vulnerabilities in a security system.
- **Instructions:** List three potential ways a system could be breached.
- **Task Prompt:** Cybersecurity threat modeling.
- **Expected Answer/Output:** "An attacker **could** bypass the firewall via a phishing link."
- **Difficulty:** Mastery
- **Activity Type:** Case Study

Module 7: Comparative & Superlative Structures & Degree Modifiers

Activity 61

- **Title:** Competitive Benchmarking: Comparative Logic
- **Skill:** Writing
- **Subskill:** Using "more... than" with degree modifiers (*substantially, marginally*) (Ch. 16-3).
- **CEFR Level:** C1
- **Objective:** To quantify the difference between two products.
- **Instructions:** Compare your company's growth to a competitor's.
- **Task Prompt:** Market growth report.
- **Expected Answer/Output:** "Our revenue is **substantially higher than** that of our nearest rival."
- **Difficulty:** Advanced

Activity 62

- **Title:** Superlative Precision in Quality Control
- **Skill:** Writing
- **Subskill:** Using "the most" in technical specifications (Ch. 16-4).
- **CEFR Level:** C1
- **Objective:** To identify the highest performing component in a test.
- **Instructions:** Write a lab report identifying the most durable material.
- **Task Prompt:** Material stress test results.
- **Expected Answer/Output:** "Material X proved to be **the most resilient** under extreme heat."
- **Difficulty:** Advanced

Activity 63

- **Title:** Equality in Mergers: "The Same As"
- **Skill:** Speaking
- **Subskill:** Using "the same (noun) as" for parity (Ch. 16-1).
- **CEFR Level:** C1
- **Objective:** To ensure equal treatment in partnership negotiations.
- **Instructions:** Insist that your team gets the same benefits as the partner team.

- **Task Prompt:** Merger benefit negotiation.
- **Expected Answer/Output:** "Our consultants require **the same remuneration as** yours."
- **Difficulty:** Advanced
- **Activity Type:** Strategic Negotiation**Activity 64**
- **Title:** Degree of Difference: Adverbial Modification
- **Skill:** Writing
- **Subskill:** Modifying comparatives with "much, far, a bit" (Ch. 16-3).
- **CEFR Level:** C1
- **Objective:** To refine the intensity of a comparison.
- **Instructions:** Describe a minor difference in price and a major difference in quality.
- **Task Prompt:** Product vendor comparison.
- **Expected Answer/Output:** "Vendor A is **a bit more expensive** , but their quality is **far superior** ."
- **Difficulty:** Advanced
- **Activity Type:** Register Shift**Activity 65**
- **Title:** The "Less/Least" of Risk Mitigation
- **Skill:** Speaking
- **Subskill:** Using negative comparisons (Ch. 16-3, 16-4).
- **CEFR Level:** C2
- **Objective:** To argue for the path of least resistance in project management.
- **Instructions:** Recommend the option with the lowest risk.
- **Task Prompt:** Disaster recovery planning.
- **Expected Answer/Output:** "Option C is **the least risky** of the three proposed strategies."
- **Difficulty:** Mastery
- **Activity Type:** Case Study**Activity 66**
- **Title:** Progressive Comparison: Market Trends
- **Skill:** Writing
- **Subskill:** Using "more and more" for ongoing changes (Ch. 16-3 evolution).
- **CEFR Level:** C1
- **Objective:** To describe an intensifying market phenomenon.
- **Instructions:** Describe the increasing popularity of remote work.
- **Task Prompt:** Workplace trend editorial.
- **Expected Answer/Output:** "Remote work is becoming **more and more common** in the tech sector."
- **Difficulty:** Advanced
- **Activity Type:** Scholarly Inquiry**Activity 67**
- **Title:** Correlative Comparison: "The... The..." Logic
- **Skill:** Speaking
- **Subskill:** Proportional comparison structures (C2 level evolution of Ch. 16).
- **CEFR Level:** C2
- **Objective:** To articulate complex causal relationships.
- **Instructions:** Explain the relationship between price and demand.

- **Task Prompt:** Economic theory presentation.
- **Expected Answer/Output:** " **The higher** the price, **the lower** the consumer demand."
- **Difficulty:** Mastery
- **Activity Type:** Statistical Evaluation **Activity 68**
- **Title:** Comparing Adverbs: Efficiency Metrics
- **Skill:** Writing
- **Subskill:** Comparative adverbs (*more efficiently, faster*) (Ch. 16-8).
- **CEFR Level:** C1
- **Objective:** To report on operational improvements.
- **Instructions:** Compare this year's production speed to last year's.
- **Task Prompt:** Operational efficiency report.
- **Expected Answer/Output:** "Our new algorithm processes data **much more efficiently than** the previous one."
- **Difficulty:** Advanced
- **Activity Type:** Technical Reportage **Activity 69**
- **Title:** Using "Different From" in Brand Differentiation
- **Skill:** Speaking
- **Subskill:** Precise use of "different from" (Ch. 16-1).
- **CEFR Level:** C1
- **Objective:** To distinguish a brand from its competitors.
- **Instructions:** Explain how your service differs from a standard one.
- **Task Prompt:** Marketing elevator pitch.
- **Expected Answer/Output:** "Our approach is **fundamentally different from** traditional consulting."
- **Difficulty:** Advanced
- **Activity Type:** Professional Branding **Activity 70**
- **Title:** Unique Superlatives: "One of the Only"
- **Skill:** Writing
- **Subskill:** Complex superlative modification (Ch. 16-5).
- **CEFR Level:** C2
- **Objective:** To highlight extreme rarity in a niche market.
- **Instructions:** Describe a firm that is one of a very small group.
- **Task Prompt:** Niche market analysis.
- **Expected Answer/Output:** "We are **one of the only firms** capable of sub-zero engineering."
- **Difficulty:** Mastery
- **Activity Type:** Competitive Analysis

Module 8: Expressing Imperatives, Directives & Procedural Guidelines

Activity 71

- **Title:** High-Stakes Imperatives: Crisis Management
- **Skill:** Writing
- **Subskill:** Using imperative sentences for urgent directives (Ch. 13-6).
- **CEFR Level:** C1

- **Objective:** To draft clear, authoritative commands for emergency situations.
- **Instructions:** Write three steps for a building evacuation.
- **Task Prompt:** Emergency fire protocol.
- **Expected Answer/Output:** " **Evacuate** the premises immediately. **Do not use** the elevators."
- **Difficulty:** Advanced
- **Activity Type:** Operational Directives **Activity 72**
- **Title:** Collaborative Directives: The "Let's" Strategy
- **Skill:** Speaking
- **Subskill:** Using "let's" for inclusive leadership (Ch. 13-9).
- **CEFR Level:** C1
- **Objective:** To motivate a team through collective action.
- **Instructions:** Propose a new brainstorm session to a discouraged team.
- **Task Prompt:** Leadership team meeting.
- **Expected Answer/Output:** " **Let's refocus** our efforts on the primary objective."
- **Difficulty:** Advanced
- **Activity Type:** Professional Branding **Activity 73**
- **Title:** Legal Disclaimers: Negative Imperatives
- **Skill:** Writing
- **Subskill:** Using "Do not" for liability protection (Ch. 13-6).
- **CEFR Level:** C1
- **Objective:** To draft legal warnings for consumer products.
- **Instructions:** State a prohibition regarding the use of a chemical.
- **Task Prompt:** Product safety label.
- **Expected Answer/Output:** " **Do not ingest.** **Keep** away from open flames."
- **Difficulty:** Advanced
- **Activity Type:** Legal Disclaimer **Activity 74**
- **Title:** Software Implementation: Step-by-Step Directives
- **Skill:** Writing
- **Subskill:** Sequential imperatives in technical writing (Ch. 13-6).
- **CEFR Level:** C1
- **Objective:** To guide a user through a complex installation.
- **Instructions:** Write the first three steps of a software setup.
- **Task Prompt:** Technical manual drafting.
- **Expected Answer/Output:** " **Download** the installer. **Run** the executable file."
- **Difficulty:** Advanced
- **Activity Type:** Technical Reportage **Activity 75**
- **Title:** Polite Directives in Diplomacy
- **Skill:** Speaking
- **Subskill:** Softening imperatives with "please" and modals (Ch. 13-4, 13-6).
- **CEFR Level:** C2
- **Objective:** To give orders without being authoritarian.
- **Instructions:** Ask a senior diplomat to sign a document.
- **Task Prompt:** High-level administrative roleplay.

- **Expected Answer/Output:** " **Please review** the document at your earliest convenience."
- **Difficulty:** Mastery
- **Activity Type:** Strategic Negotiation**Activity 76**
- **Title:** Institutional "Let Us": Formal Invitations
- **Skill:** Writing
- **Subskill:** Using the formal "Let us" (Ch. 13-9 evolution).
- **CEFR Level:** C2
- **Objective:** To draft formal calls to action in a corporate manifesto.
- **Instructions:** Write an invitation for stakeholders to join a green initiative.
- **Task Prompt:** Corporate Social Responsibility (CSR) report.
- **Expected Answer/Output:** " **Let us embark** upon this journey toward a carbon-neutral future."
- **Difficulty:** Mastery
- **Activity Type:** Professional Branding**Activity 77**
- **Title:** Conditional Directives: If/Then Imperatives
- **Skill:** Writing
- **Subskill:** Combining "if" clauses with imperatives (Ch. 11-4, 13-6).
- **CEFR Level:** C1
- **Objective:** To provide situational guidance.
- **Instructions:** Write a protocol for a bank teller experiencing a robbery.
- **Task Prompt:** Security training manual.
- **Expected Answer/Output:** "If the alarm sounds, **remain** calm and **follow** the silent protocol."
- **Difficulty:** Advanced
- **Activity Type:** Operational Directives**Activity 78**
- **Title:** The Imperative of Negation: Ethical Prohibitions
- **Skill:** Speaking
- **Subskill:** Using "Never" for absolute imperatives (Ch. 13-6 evolution).
- **CEFR Level:** C2
- **Objective:** To state a core ethical value during an orientation.
- **Instructions:** Forbid the sharing of passwords in the strongest terms.
- **Task Prompt:** Employee onboarding.
- **Expected Answer/Output:** " **Never share** your credentials with unauthorized personnel."
- **Difficulty:** Mastery
- **Activity Type:** Case Study**Activity 79**
- **Title:** Functional Directives in Medical Abstracts
- **Skill:** Writing
- **Subskill:** Using imperatives to summarize recommendations (Ch. 13-6).
- **CEFR Level:** C1
- **Objective:** To provide clinical advice based on study results.
- **Instructions:** Recommend a specific dosage adjustment based on hypothetical data.
- **Task Prompt:** Medical research summary.

- **Expected Answer/Output:** " **Administer** the dose twice daily to maximize efficacy."
- **Difficulty:** Advanced
- **Activity Type:** Scholarly Inquiry **Activity 80**
- **Title:** The Imperative of Inquiry: Research Prompts
- **Skill:** Writing
- **Subskill:** Using imperatives to direct scholarly attention (Ch. 13-6).
- **CEFR Level:** C2
- **Objective:** To frame a research problem in an abstract.
- **Instructions:** Direct the reader to look at a specific variable.
- **Task Prompt:** Thesis introduction.
- **Expected Answer/Output:** " **Consider** the impact of socio-economic status on literacy rates."
- **Difficulty:** Mastery
- **Activity Type:** Scholarly Inquiry

Module 9: Existential Structures & Information Framing

Activity 81

- **Title:** The "There Is/Are" of Systemic Issues
- **Skill:** Writing
- **Subskill:** Using existential "there" to introduce new topics (Ch. 5-4).
- **CEFR Level:** C1
- **Objective:** To frame the existence of systemic problems in a report.
- **Instructions:** Introduce the concept of "unconscious bias" in a workplace audit.
- **Task Prompt:** Sociological report on corporate culture.
- **Expected Answer/Output:** " **There are** underlying biases that influence our hiring decisions."
- **Difficulty:** Advanced
- **Activity Type:** Case Study **Activity 82**
- **Title:** Existential Framing in Academic Abstracts
- **Skill:** Writing
- **Subskill:** Using "There + be" to state research findings (Ch. 5-4).
- **CEFR Level:** C1
- **Objective:** To clearly announce the presence of a phenomenon.
- **Instructions:** Summarize a study that found no link between two variables.
- **Task Prompt:** Scientific research abstract.
- **Expected Answer/Output:** " **There is no** correlation between caffeine intake and long-term memory."
- **Difficulty:** Advanced
- **Activity Type:** Scholarly Inquiry **Activity 83**
- **Title:** Quantifying Systemic Assets: "There Are Many"
- **Skill:** Speaking
- **Subskill:** Existential structures with quantifiers (Ch. 5-6).
- **CEFR Level:** C1
- **Objective:** To provide a resource inventory in a board meeting.

- **Instructions:** List the available strengths of a company.
- **Task Prompt:** Strategic planning session.
- **Expected Answer/Output:** " **There are several** key advantages to our current location."
- **Difficulty:** Advanced
- **Activity Type:** Professional Branding **Activity 84**
- **Title:** Existential Hedging: "There May Be"
- **Skill:** Writing
- **Subskill:** Combining existential "there" with modals (Ch. 11-1).
- **CEFR Level:** C2
- **Objective:** To suggest potential risks without causing panic.
- **Instructions:** State a potential risk of a new investment.
- **Task Prompt:** Risk assessment report.
- **Expected Answer/Output:** " **There might be** significant resistance to the new tariff."
- **Difficulty:** Mastery
- **Activity Type:** Operational Directives **Activity 85**
- **Title:** Defining Technical Limits: "There Is Little"
- **Skill:** Writing
- **Subskill:** Existential structures with "little/few" (Ch. 7-5).
- **CEFR Level:** C1
- **Objective:** To describe a lack of resources or data.
- **Instructions:** Explain that there isn't enough evidence to support a claim.
- **Task Prompt:** Scientific peer review.
- **Expected Answer/Output:** " **There is little** empirical evidence to support this hypothesis."
- **Difficulty:** Advanced
- **Activity Type:** Scholarly Inquiry **Activity 86**
- **Title:** The "There Have Been" Chronological Frame
- **Skill:** Speaking
- **Subskill:** Existential structures in the Present Perfect (Ch. 1-8 evolution).
- **CEFR Level:** C1
- **Objective:** To summarize a history of occurrences.
- **Instructions:** Report on the number of incidents this month.
- **Task Prompt:** Safety officer's monthly briefing.
- **Expected Answer/Output:** " **There have been** three minor accidents since the last audit."
- **Difficulty:** Advanced
- **Activity Type:** Technical Reportage **Activity 87**
- **Title:** Rhetorical Existentialism: "Is There Any?"
- **Skill:** Speaking
- **Subskill:** Existential questions in high-stakes debate (Ch. 5-5).
- **CEFR Level:** C2
- **Objective:** To challenge the opposition's evidence.
- **Instructions:** Ask a question that implies a lack of evidence.

- **Task Prompt:** Legal cross-examination roleplay.
- **Expected Answer/Output:** "Is there any proof that my client was in the room?"
- **Difficulty:** Mastery
- **Activity Type:** Legal Cross-examination **Activity 88**
- **Title:** Existential Pointers in Data Interpretation
- **Skill:** Writing
- **Subskill:** Using "there" to direct reader attention to a graph (Ch. 5-4).
- **CEFR Level:** C1
- **Objective:** To highlight specific data points.
- **Instructions:** Explain a spike in a sales chart.
- **Task Prompt:** Financial data presentation.
- **Expected Answer/Output:** "There is a notable peak in sales during the holiday season."
- **Difficulty:** Advanced
- **Activity Type:** Statistical Evaluation **Activity 89**
- **Title:** Existential Requirements in Legal Contracts
- **Skill:** Writing
- **Subskill:** Formal existential structures in "Be" (Ch. 5-4).
- **CEFR Level:** C2
- **Objective:** To define mandatory conditions.
- **Instructions:** State that a non-disclosure agreement must exist.
- **Task Prompt:** Contract clause drafting.
- **Expected Answer/Output:** "There shall be a signed NDA prior to any data exchange."
- **Difficulty:** Mastery
- **Activity Type:** Legal Disclaimer **Activity 90**
- **Title:** Existential Complexity: "There Seem To Be"
- **Skill:** Speaking
- **Subskill:** Hedging existential claims with linking verbs (Ch. 14-9).
- **CEFR Level:** C2
- **Objective:** To describe a perceived situation cautiously.
- **Instructions:** Describe a potential cultural shift in the office.
- **Task Prompt:** HR management briefing.
- **Expected Answer/Output:** "There seem to be some concerns regarding the new policy."
- **Difficulty:** Mastery
- **Activity Type:** Register Shift

Module 10: Error Analysis, Proofreading & Diagnostic Editing

Activity 91

- **Title:** The Flawed Medical Abstract: Tense Diagnostic
- **Skill:** Writing/Editing
- **Subskill:** Identifying Simple Present vs. Past Progressive errors.
- **CEFR Level:** C1

- **Objective:** To restore clinical accuracy to a corrupted text.
- **Instructions:** Correct the tenses in the corrupted abstract.
- **Task Prompt:** "The patient **is exhibiting** symptoms for weeks before we **are discovering** the tumor."
- **Expected Answer/Output:** "The correct form is **had been exhibiting** and **discovered** because the action occurred before a specific point in the past (Chart 9-12)."
- **Difficulty:** Advanced
- **Activity Type:** Stylistic Editing **Activity 92**
- **Title:** The Broken Legal Contract: Agreement Audit
- **Skill:** Writing/Editing
- **Subskill:** Correcting subject-verb agreement with complex noun phrases.
- **CEFR Level:** C2
- **Objective:** To eliminate legal ambiguity.
- **Instructions:** Identify and correct the agreement error in the contract clause.
- **Task Prompt:** "Each of the participants **are** liable for their own costs."
- **Expected Answer/Output:** "Change **are** to **is** . 'Each' is grammatically singular and requires a singular verb regardless of the following plural noun (Chart 14-4)."
- **Difficulty:** Mastery
- **Activity Type:** Legal Disclaimer **Activity 93**
- **Title:** The Technical Manual: Imperative Precision
- **Skill:** Writing/Editing
- **Subskill:** Identifying misused modal advice vs. imperative commands.
- **CEFR Level:** C1
- **Objective:** To ensure high-stakes safety protocols are authoritative.
- **Instructions:** Rewrite a passive safety warning into a direct imperative.
- **Task Prompt:** "The red button should be pushed in case of fire."
- **Expected Answer/Output:** " **Push** the red button. Safety protocols require the direct imperative for clarity and urgency (Chart 13-6)."
- **Difficulty:** Advanced
- **Activity Type:** Operational Directives **Activity 94**
- **Title:** The Sociological Report: Article Omission
- **Skill:** Writing/Editing
- **Subskill:** Correcting general vs. specific noun articles.
- **CEFR Level:** C1
- **Objective:** To ensure formal academic generalizations are grammatically sound.
- **Instructions:** Edit the sentence to reflect a general truth about all researchers.
- **Task Prompt:** " **The researcher** must always be objective."
- **Expected Answer/Output:** " **Researchers** must... Plural nouns without 'the' are preferred for general categories of people in academic writing (Chart 7-7)."
- **Difficulty:** Advanced
- **Activity Type:** Scholarly Inquiry **Activity 95**
- **Title:** The Diplomatic Cable: Modal Hedging Error
- **Skill:** Writing/Editing

- **Subskill:** Correcting overly certain modals in sensitive contexts.
- **CEFR Level:** C2
- **Objective:** To maintain diplomatic distance.
- **Instructions:** Soften the absolute certainty of the following claim.
- **Task Prompt:** "The President **will** sign the treaty tomorrow."
- **Expected Answer/Output:** "Change **will** to **is expected to** or **may** . Modals of certainty should be avoided in unstable political forecasts (Chart 11-1)."
- **Difficulty:** Mastery
- **Activity Type:** Strategic Negotiation**Activity 96**
- **Title:** The Financial Audit: Count/Noncount Error
- **Skill:** Writing/Editing
- **Subskill:** Correcting quantifiers for noncount nouns.
- **CEFR Level:** C1
- **Objective:** To ensure precision in fiscal reporting.
- **Instructions:** Correct the quantifier for the noun 'capital'.
- **Task Prompt:** "The firm has **many** capital available."
- **Expected Answer/Output:** "Change **many** to **much** . 'Capital' is a noncount noun and requires quantifiers like 'much' or 'substantial' (Chart 7-5)."
- **Difficulty:** Advanced
- **Activity Type:** Technical Audit**Activity 97**
- **Title:** The Patent Application: Possessive Ambiguity
- **Skill:** Writing/Editing
- **Subskill:** Correcting joint vs. individual possessive markers.
- **CEFR Level:** C2
- **Objective:** To clarify intellectual property ownership.
- **Instructions:** Fix the possessive to show two people own two separate ideas.
- **Task Prompt:** "This is **John and Mary's** inventions."
- **Expected Answer/Output:** "Change to **John's and Mary's** . Separate ownership requires an apostrophe for each name (Chart 15-1)."
- **Difficulty:** Mastery
- **Activity Type:** Legal Disclaimer**Activity 98**
- **Title:** The Executive Summary: Reference Error
- **Skill:** Writing/Editing
- **Subskill:** Correcting vague pronoun reference.
- **CEFR Level:** C1
- **Objective:** To ensure 'this' has a clear antecedent.
- **Instructions:** Edit the text so 'this' refers to a specific concept.
- **Task Prompt:** "The market crashed and the CEO resigned. **This** was expected."
- **Expected Answer/Output:** "Change to ' **This resignation** was expected.' Vague 'this' can confuse the reader in complex narratives (Chart 2-6)."
- **Difficulty:** Advanced
- **Activity Type:** Register Shift**Activity 99**
- **Title:** The Medical Log: Temporal Clause Error
- **Skill:** Writing/Editing

- **Subskill:** Correcting 'when' vs 'while' in symptom tracking.
 - **CEFR Level:** C1
 - **Objective:** To ensure chronological accuracy in clinical logs.
 - **Instructions:** Edit the sentence to reflect a continuous background action.
 - **Task Prompt:** "The patient fainted **when** he was sleeping."
 - **Expected Answer/Output:** "Change to **while** . 'While' is used for actions in progress that provide a background for a sudden event (Chart 9-11)."
 - **Difficulty:** Advanced
 - **Activity Type:** Technical Reportage
- Activity 100**
- **Title:** The Final Manifesto: Existential Agreement
 - **Skill:** Writing/Editing
 - **Subskill:** Correcting "There is/are" with compound subjects.
 - **CEFR Level:** C2
 - **Objective:** To ensure grammatical perfection in high-visibility documents.
 - **Instructions:** Fix the agreement error in the vision statement.
 - **Task Prompt:** " **There is** many paths to success."
 - **Expected Answer/Output:** "Change to **There are** . The verb must agree with the plural subject 'paths' that follows the existential 'there' (Chart 5-4)."
 - **Difficulty:** Mastery
 - **Activity Type:** Professional Branding
